FIREMEN BATTLE  
APARTMENT BLAZEConsiderable Damage Done  
To Residence of Nicholas  
Caputa

## FUMES, SMOKE HEAVY

Fire late yesterday afternoon considerably damaged a second floor apartment at 314 Market street and gave firemen a real battle for about 45 minutes. The blaze is said to have been due to the faulty functioning of a refrigerator.

Smoke seen pouring from the dwelling which contains an apartment on the first floor and one on the second floor, attracted the attention of an attendant at the Mobilgas station on Pond st. near Mulberry st. He summoned firemen.

The second floor apartment is occupied by Mr. and Mrs. Nicholas Caputa, while the first floor is occupied by Mr. and Mrs. James Flatch. The property is owned by Roman Kline.

When firemen arrived they had to force their way into the second floor as neither Mr. and Mrs. Caputa were home at the time. Dense smoke and heavy refrigerator gas drove the men back. The fumes were heavy and firemen had to don gas masks in order to enter the apartment.

The heat was so intense that the apartment was blistered and metal containers were melted. The damage is estimated at about \$1200.

Water did some damage to the first floor.

Clifford Hagerman, Jr., suffered an incised wound of the left hand by broken glass.

Boardman said that he would try and have the comprehensive plans completed by the May meeting and be ready for bids at that time for the enlargement of the local sewer plant. He informed Council that he was quite certain the plant addition could be built for less than \$60,000.

MAY DEVELOP BURLINGTON ISLAND AS A  
RESIDENTIAL SITE; COMMITTEE TO INVESTIGATE

BURLINGTON, May 5—A committee of city council is going to study the possibility of developing Burlington Island as a first-class residential area. The committee was named at a session of council held Tuesday evening. Action followed the recommendation of Dr. Henry H. Bisbee that steps be taken to utilize the island to increase the area for local residents.

Dr. Bisbee was named chairman of the committee, with City Solicitor Thomas D. Begley, City Engineer Samuel Probasco, and Henry W. Petty, architect, acting as consultants.

In urging that profitable use be made of Burlington Island, Dr. Bisbee called attention to the fact that little room remains in the present city limits for new homes, and that the new low-income public housing project here will bring in little revenue in lieu of taxes. The day may come, he added, when the city will no longer receive its present income from gross receipts and franchise

TOWNSHIP MAN  
MAY BE DEPORTED

Leslie Everset, 28, Edgely, Now In The Bucks County Jail

## PAINTED LICENSE TAGS

A Bristol Township resident, Leslie Everset, 28, and said to be a British subject, may be deported. He is now in the Bucks County jail.

The defendant, who was arrested by Chief of Bristol Township Police Joseph Seader, is now in the County Prison, here, charged with defacing automobile license plates and open lewdness.

A former gas station attendant, Everset, was arrested while boarding at 7 Edgely avenue, Edgely, after there had been complaints received from women and children in that section concerning improper conduct by a man.

Chief Seader, who said the defendant's 1949 license tags were painted in a 1950 color scheme, explained that the fine on the motor code violation is \$50.

"The tags were painted to cleverly that you had to look twice to see they had been repainted," said Chief Seader.

While in prison, the defendant told prison officials that he has

ORGANIST RECEIVES VERDICT FOR \$210 IN SUIT  
AGAINST LANGHORNE INN PROPRIETOR

DOYLESTOWN, May 5 — Mrs. Catherine M. Connor, 129 South Delmorre avenue, Morrisville, an organist and entertainer who was suing a Langhorne inn proprietor for breach of a \$105-a-week contract, received a verdict of \$210 by a Civil Court jury Tuesday evening before Judge Edward G. Blester.

The jury, which deliberated from 3:45 until after 8 o'clock, returned once for additional instruction.

The defendant, Louis Steacker, proprietor of an inn on the Lincoln Highway, discharged the plaintiff before her \$105-a-week contract expired. He denied that he did it because of "poor business," but because the plaintiff "drove patrons away because of her manner and attitude."

The plaintiff was suing for \$480 as rental for her electric organ, \$150 for cost of transportation and

\$110, with interest from June 11, 1949.

Seldom has a Civil Court trial been so bitterly fought between witnesses for the plaintiff and defendant and reputations so blasted as they were in this two-day case.

A former waitress at the defendant's inn, while the plaintiff was the entertainer there, Mrs. Mary Esser, who testified Mrs. Connor could "sure hold her liquor," so irritated the plaintiff that she talked back to the witness on the witness stand and said, "You don't do so bad yourself."

The plaintiff was suing for \$480 as rental for her electric organ, \$150 for cost of transportation and

## Gov. Driscoll Expects Court to Nullify Bridge Purchase

Trenton, N. J.,—Gov. Alfred E. Driscoll expects the state Superior Court to nullify the \$12,000,000 purchase of the Burlington-Bristol Bridge and the Tacony-Palmyra Bridge over the lower Delaware River by the Burlington County Bridge Commission.

Testifying in a suit by the state of New Jersey to have the Superior Court recognize the rights of New Jersey or Pennsylvania to purchase the spans for approximately \$4,900,000 as provided for in statutes authorizing construction of the spans, Governor Driscoll declared yesterday that the price paid for the bridges should be exactly what was authorized by the statutes and no more.

Governor Driscoll answered many questions during his three hour testimony before Special Master Alexander T. Schenck, of Newark, who had been assigned to take depositions in the case.

Many of the answers were given against the advice of his counsel, former attorney general Walter D. Van Riper.

The trial of the case will get underway at the Hall of Records in Newark on May 18 and it has not been determined whether the governor will again be called to the stand.

On April 4 at a similar hearing, the Governor refused to answer questions on advice of counsel but later Judge Walter J. Freund ordered him to answer all but legal questions.

Governor Driscoll denied that Major General Clifford R. Powell, of Burlington, had informed him of the bridge deal prior to actual purchase of the two spans by the Burlington County Commission in October, 1948.

The Governor said General Powell never told him he was the owner of 25 percent of the stock in the company which originally owned the bridges; the price for which the bridges would be sold and whether General Powell's investment of \$6,250 a year before in the bridges would result in a profit of a half million dollars.

### BIGGEST NICKEL'S WORTH

Considerable discussion among  
newspaper publishers at the recent  
convention of the American News-  
paper Publishers' Association in  
New York City concerned the  
price of newspapers in the future.  
Only a few dozen daily news-  
papers in the United States now  
sell for less than five cents. The  
one-cent newspaper almost uni-  
versal in the East before World  
War I is a faint memory.

It isn't necessary to remind the  
average newspaper reader that his  
daily paper is the biggest nickel's  
worth available in these times of  
inflation. Today's newspaper is a  
finer product in every way than  
its counterpart of a few years ago,  
and it provides more information  
and enjoyment than could be ob-  
tained in any other manner for  
many times its modest cost.

Why the newspaper can supply  
a package so meaty for a mere  
nickel is, of course, not a secret.  
Advertising makes the modern  
newspaper possible. Without ad-  
vertising revenue today's news-  
paper would be a puny thing, in-  
deed, and it would sell for more  
than five cents. But advertising  
serves another purpose to the  
newspaper reader, in addition to  
making today's newspaper possi-  
ble. It provides him information  
of incalculable value as to goods  
and services available to him.

Advertising volume is at an  
all-time peak and shows no signs  
of receding. But it was generally  
conceded by newspaper men at  
the New York convention that the  
five-cent newspaper will have a  
long tenure only if inflation soon  
levels off or deflationary forces  
set in. The cost of publishing a  
newspaper continues to increase  
and if this trend is long continued  
the 10-cent daily newspaper may  
not be far off.

### SMALLER WHEAT CROP

The nation's wheat crop will be  
lower than yields in recent years.  
Recent rains in the wheat country  
have not been adequate and have  
come too late. So says A. W.  
Erickson, noted crop reporter of  
Minneapolis.

Erickson, after an on-the-spot  
inspection of conditions in the  
seven leading winter wheat states  
of Kansas, Texas, Oklahoma,  
Colorado and New Mexico, in  
which 33,000,000 acres were  
planted to wheat found that 13,000-  
000 acres are now a total loss.

Erickson found conditions the  
worst in 15 years. What looked  
in January like a fair crop has  
turned into a near fiasco, he  
added. He said it is too late now  
for rain to do any good, thriving  
under ideal drought conditions,  
are now eating up the wheat on a  
vast scale, he found.

There will be no shortage of  
wheat as a result of curtailment  
of the 1950 crop, but the antici-  
pated increase in wheat surplus as  
a result of the new harvest may  
not materialize. With foreign de-  
mand for American wheat, even  
on a give-away basis, practically  
nil, a short crop will be sufficient  
for domestic needs.

### Township School Tax Fixed With Two-Mill Increase

Continued from Page One  
ent, stated that sites for building  
elementary schools should be where  
most needed and in picking the sites  
consideration should be taken to cut  
the cost of transportation. The fol-  
lowing committee was appointed to  
investigate sites: James H. Robin-  
son, John L. Allman, and William  
Vetter.

A letter from the S.P.C.A. was re-  
ceived informing the board that in-  
asmuch as children in Bristol  
schools were paying the five cents  
entrance fee for the poster contest  
it would not be fair to allow the  
township children to enter the con-  
test without charging the fee. No  
action on this letter was taken by  
the board.

No repairs are needed to the heat-  
ing systems of the township schools  
according to the report of the in-  
spection of the American Heating  
and Ventilating Company.

The calendar for the next school  
year was presented and approved  
by the board. The calendar sets  
September 6th for the registration  
of new pupils and the schools open-  
ing formally on September 7th with  
the closing date on June 15th, 1951.  
Which will give a total of 183 days  
of school.

Bids for general school supplies  
were received from the following  
companies: Edward E. Babb Com-  
pany, \$5,692.68; L. B. Herr Com-  
pany, \$5,900; J. L. Hammett Com-  
pany, \$5,850; Garrett-Buchanan  
Company, \$6,414.92 less 3%. The  
Edward E. Babb Company was  
awarded the contract.

The following new teachers were  
engaged for the 1950-51 school

term: Lloyd A. Johnson, Jr., mathe-  
matics, junior high school; K. Anita  
Turner, first grade, Croydon; and  
Stanley W. Kendus, fifth and sixth  
grades, Croydon.

Walter Miller, superintendent,  
reported that the intermural sports  
program in the sixth grades was  
progressing very well and both  
teachers and students were showing  
a lot of interest in the program. He  
stated that it is felt that instruc-  
tions for the band should be con-  
tinued during the summer months  
and recommended to the board that  
Robert S. Miller, present instructor,  
be hired to carry on the band in-  
structions during the summer. The  
board discussed the recommenda-  
tion and decided to hire Miller for  
the summer to give instructions to  
the band if enough students are  
willing to receive the instructions.

A resolution was adopted that the  
board may request any teacher to  
retire after reaching the age of 62.  
The resolution to become effective  
January 1st, 1950.

William Clifton, president, pre-  
sided with all board members pres-  
ent except James Robinson.

but as an interested citizen. He  
pointed out that the present income  
from the upper half of the island,  
still owned by the Island Board, is  
only \$500 annually, which goes to-  
ward the support of the city's pub-  
lic schools.

To carry out his proposal, he  
said, it might be necessary to buy  
back the lower half of the island,  
sold to private interests a century  
ago. The greatest drawback to de-  
veloping the island, he admitted,  
was the need for building a bridge.  
Whether the Army Engineers would  
permit construction of a bridge,

and what it would cost, were points  
needing investigation, he declared.  
Whether his proposal was sound,  
Bisbee said, would only be known  
through thorough study. He would  
not approve development of the  
island for park or recreational pur-  
poses, he added, but only if it could  
be shown it would be profitable to  
the city. He displayed a map of  
the island, prepared by Henry W.  
Petty, architect, at his own expense,  
showing a possible lay-out of streets  
which would provide sites for be-  
tween 350 and 500 homes.

Councilman Lovendoski, who said  
it had long been his dream to make  
some profitable use of the island,  
moved that a committee to study  
the proposal be appointed.

The island was granted to Bur-  
lington in 1682 by an Act of the  
General Assembly, which provided  
that all revenue therefrom should  
be used for "the better education  
of youth."

## Club Women Speak; Sorosis Session

LANGHORNE, May 5 — Guests were entertained by Langhorne Sorosis members yesterday afternoon when American Home day was observed. Approximately 60 par-took of a covered dish luncheon prior to the meeting.

A special guest on this occasion was Mrs. D. Barker Cook, of Bristol, D. D., American Home chairman of Bucks County Federation of Women's Clubs. Mrs. Cook spoke of kitchen equipment, passing on ideas from other women's clubs.

Also present were the American Home chairman of the Travel Club, Bristol, Mrs. Ralph Scheffey; and the president of Quakertown's Women's Club, Mrs. Robias Hinkel. Mrs. Scheffey told of activities of her committee.

Mrs. Horace P. Townsend, president of Sorosis, read passages from magazines of 50 years ago, covering many topics dealing with the home. Many were humorous, and some ideas appeared in the present day as absurdities to the club-women.

Mrs. Edward Pickering gave a review of programs of the past year conducted by Sorosis. Mrs. Franklin Pennell reported on the career day conducted for girls of Nesha-ming high school, April 20th, this being under sponsorship of the Youth Conservation committee of the Sorosis. She read a letter of appreciation from superintendent of schools, Dr. Oliver S. Hickman, who stated that many of the high school boys were hoping some group would conduct a similar affair for them.

The garden club of Sorosis will make a tour to Tinari Gardens, Bethayres, June 8th. The next meeting, May 18th, will be observed as past president's day, with a little flower show scheduled.

BRISTOL TOWNSHIP  
TRIMS BRISTOL JUNIORS

Bristol Township won its second game of the Lower Bucks Junior High League yesterday afternoon by trimming Bristol Junior High, 13-6, on the Township field.

Bristol played disastrous ball atfield, committing eleven errors. But Township mixed these misdeeds with 13 solid safe smacks to produce its dozen of tallies.

It was a close ball game until the last half of the sixth when Township showed over seven runs on three doubles, three singles, and two errors. Kaisar rapped out a pair of doubles in this frame to give him three hits for the afternoon.

PENNSBURY TAKES  
BRISTOL HIGH BY  
SCORE OF 10 TO 4

Pennsbury High won its ninth straight game, fifth of the Lower Bucks League, yesterday afternoon as it handed Bristol High its first loss of the season. Final score of the game played on Memorial field was: Pennsbury, 10; Bristol, 4.

Jack Perry hurled a nice tilt for Coach "Cy" Bachman's team, fanning 13. He walked four and permitted five hits. He whiffed the side in the second and fourth frames.

Opposed to Perry on the mound was Harry Eisenbrey. He too allowed five hits but these were in the pinches after walks and errors had put runners on the paths. Pennsbury had five big markers in the fifth on singles by "Charlie" Saunders and "Mike" Bray, two walks, a fielder's choice, and an error.

Bristol scored its first pair of runs in the first on a triple by Marty Braam, an error, and a double by "Lou" Loeffler. That finished the extra base hitting.

NEWS OF INTEREST TO PA. FARMERS

By Al Spivak  
(I. N. S. Staff Correspondent)  
HARRISBURG, May 5—(INS)—  
Pennsylvania State College re-  
searchers have devised a method of  
combining ancient cultivation weed-  
fighting methods with modern  
chemical control.  
The new system applies chemical  
spray while crops are cultivated in  
normal manner. It is intended pri-  
marily for row crops.  
Spray equipment may be mount-  
ed on any make or model of tractor,  
according to a progress report pub-  
lished by the experiment station.  
County agricultural agents will  
supply the report or it may be ob-  
tained direct from State College.  
It illustrates how mounting the  
equipment on farm machines will  
enable farmers to cope with weeds  
not hit by cultivator shovels.  
Commercial hatcheries produced  
enough baby chicks in the first

three months of 1950 to place Penn-  
sylvania second in the nation for  
such production.  
Indiana led the field, according to  
Federal-State surveys, with 33 mil-  
lion chicks. Pennsylvania produced  
26,500,000, and California was close  
behind with 26,300,000.  
The surveys considered most of  
the chicks destined for marketing  
as broilers or fryers.  
The Agriculture Department says  
demand for Pennsylvania chicks  
still is reasonably good in view of  
current prices received for eggs  
and live poultry.  
April 1 prices ranged from \$2.65  
a hundred for cockerel chicks to  
\$32.50 for light breed pullets.

## SPORTSMEN'S BRIEFS

By JOE ELBERSON

Meeting . . . next Tuesday evening, at 8 o'clock, members of the Bristol Fish & Game Protective Association will gather in the meeting room of the American Legion Post Home, Radcliffe street, for their May meeting. President Jack Lynn urges all members to be present, and a cordial invitation is extended to all interested sportsmen to attend.

Still world record . . . eighty-five years ago, back in May, 1865, a Dr. C. C. Abbott was fishing in the Delaware River just above Bristol (at Bordentown). In his catch for the day was a yellow perch which weighed 4 pounds, 3½ ounces. It established a world record, and it still stands today.

Scores . . . F. R. "Doc" Davies, Bristol shooter, topped a field of 50 men last Sunday to win high gun honors and first prize money in the Lewis trapshooting event, held over the traps of the Bristol Fish & Game Protective Association. Davies broke 46 blurock targets out of a possible 50.

Second place honors were shared by F. McCormick and B. Cassalia, Jr., when each man posted a 45. A total of 1875 targets were thrown during the matches.

Other scores included: W. Wurz, 44; G. Good, 41; J. Lynn, 41; W. Doran, 40; H. Webster, 40; B. Cassalia, Jr., 40; W. W. Warner, 40; J. King, 39; E. Ely, 39; G. Detoro, 37; E. Bridge, 37. In the practice, 25-bird matches high gun went to A. Pfeifer with a 24. G. Cobligh had a 23, R. Rutherford a 21, and L. Robinson a 20.

W. W. Warner won the doubles event with a score of 21. W. Wurz was second with a 17, while Detoro and Lynn posted 15s.

More catfish . . . another 1000 catfish were stocked in the Canal, from Bristol to New Hope last Saturday morning. The shipment came from the Pennsylvania Fish Commission's Torresdale Hatchery. Of the total consignment there were 450 stocked in the Bristol section of the Canal. All were in good condition, measuring from 6 to 14 inches.

Shoot this Sunday . . . a Lewis Class trapshooting event is scheduled for May 7th, over the traps of the Newportville Rod & Gun Club, Lake Louise, Edgington. The match will be a 50-target, 16-yard event, and will start at 12 noon. All shooters are welcome to enter. Practice shooting will be available for those who desire it.

Big trout . . . largest trout reported caught by any angler in this vicinity was an 18-inch brownie caught by Mrs. C. Confer, Edgington, while fishing several days ago on the Young Women's Creek, Clinton Co. Mrs. Confer used live bait to land her prize.

State tournament . . . when the State Championship Casting Tournament gets underway on May 20 and 21, the Bristol Club will have entries in the individual events, and will also have a 5-man team entered. The tournament, which will be held near Harrisburg, will include the following divisions: skink, fly, ½ ounce accuracy and ½ ounce accuracy, and a 5-man team event.

Game Commission activity . . . a total of 26,250 seedling trees and shrubs have been distributed by Game Commission personnel in Bucks County this year on Farm-Game projects. Plantings include pine, spruce, shrubs, dogwood, honeysuckle, crab apple and multi-flora rose.

Largest in County . . . biggest trout reported caught so far this season in Bucks County was taken from Cook's Creek several days ago. It was a 21½-inch rainbow, weighing 4½ pounds.

Conservation at work . . . two clubs in the upper end of Bucks County recently purchased 7000 seedling trees for distribution on appropriate grounds in that section.

Big figures . . . there are presently a total of 26,900 acres in the County in Farm-Game projects. And this acreage is open to public hunting, except for small game preserves and restricted areas near buildings.

## STAYS WHITE AND BRIGHT FOR YEARS

## DU PONT HOUSE PAINT

*cleans itself!*

For lasting home beauty, make sure your painter uses Du Pont House Paint. Made of an exclusive Du Pont combination of pigments and oils, it literally sheds dirt and dust during every heavy rain . . . leaves your home handsomely white, sparkling bright for years. Normally, this "Self-cleaning" action starts in a few months on most surfaces. However, excessive soot or heavy shade, or stains from metal surfaces such as copper screening, may interfere with or delay the process.

Consider the other advantages of Du Pont House Paint. As it keeps your house beautiful for years, it also protects against rust, rot and decay. Smooth, easy application, excellent spread and high-hiding—all these factors work in your favor when Du Pont House Paint goes on. It's available in "Self-cleaning" tints as well as white.

And here's a tip for your painter: When working on new wood or excessively weathered paint films, a prime coat of Du Pont House Paint Primer is recommended. It assures maximum adhesion and performance of the finish coat.
